12. Other

- PAC Facebook Group – PAC approached by business asking to promote their children focused programing.
 - Question Do we want to let businesses to promote on PAC's Facebook group?
 - Discussion In the past we've declined requests from parents that wanted to promote their own business, companies, or professional services. We have let childcare providers promote their business in the comments of posts asking the community for help looking for childcare options. The concern is that businesses that are posting on PAC's Facebook page will appear to have PAC's "stamp of approval" and parents would assume PAC has vetted these companies. District has a list of approved businesses that schools are allowed to promote, PAC can refer to this list.
 - Decision PAC will continue to not allow businesses promote and/or advertise on PAC's Facebook group. Exceptions will be made for childcare providers that service the Clinton community that can promote their business in the comments of posts asking the community for help looking for childcare options.

13. Next PAC Meetings
